

ECO Green Cleaner & Degreaser

PRODUCT DESCRIPTION

ECO Green Cleaner is a concentrated, biodegradable green cleaner/degreaser that contains no hazardous solvents and dilutes with water to meet a wide range of industrial cleaning applications.

PRODUCT FEATURES

Industrial strength concentrate

Biodegradable

Non-toxic

RECOMMENDED DILUTION LEVELS _____

Medium cleaning and degreasing. Fleet maintenance siding, concrete floors, pressure sprayers

1:1 to 1:4

Light cleaning. work areas, windows, walls, wood- work, furniture, carpets, counter tops.

1:16 to 1:32

1. Dilute ECO Green Cleaner with warm or cold water.
2. Soak or spray parts with ECO Green Cleaner and wipe or rinse clean
3. Note: Dilution levels will vary depending upon the type and amount of substance being removed and the type of surface being cleaned. It is best to begin with a high concentration and progress to weaker solutions. ECO Green Cleaner may attack painted surfaces in concentrations with less than 20 parts water.

Storage

Product shall be ideally stored in a cool, dry location in unopened containers at a temperature between 8°C to 28°C (46°F to 82°F) unless otherwise labeled. Optimal storage is at the lower half of this temperature range.
